

CREDENTIAL EVALUATION SERVICES

[Summary based on information provided by the
U.S. Network for Education Information (USNEI)]

There is no federal or state regulation of credential evaluation services. However, there are two national associations of credential evaluation services (NACES and IACE) that have published standards for membership, affiliations to national and international higher education associations and are frequently linked to and used by federal agencies, state agencies, educational institutions and employers.

National Association of Credential Evaluation Services (NACES) is an association of 19 credential evaluation services with admission standards and an enforced code of good practice.
